Â However, there are already other changes made to the HTML files that need to be made in order to remove these lines. Any help would be greatly appreciated! A: Go to /var/www/html folder (where is the name of your site directory). Create a folder called.htaccess Make sure that this folder is hidden (in this case, use the command -a in Nautilus file manager or just ctrl + h in the terminal). Create.htaccess file inside the new folder Add a line like this to.htaccess file: RewriteEngine On RewriteCond %{REQUEST_URI} ^\/\w+$ RewriteRule (.*) http\:\/\/www\.domain\.com\/$1 [R=301,L] Save changes and visit or in the browser. In today's economy, people are given the choice to either lease or buy a car. People who do not have much money at hand can make the decision to lease. However, what is there to know about leasing a car? If you have decided to lease a car, it is best to consider the following questions: Can I afford to lease a car? Leasing a car gives you the opportunity to drive a new car every few months. The cost of a new car, as well as the cost of a lease payment, can eat up a large portion of your paycheck. Consider leasing if: You have average spending habits. You have a good deal of credit and are looking to make multiple car payments. You typically spend more on a monthly basis than on a car payment. There are terms in a lease agreement that can be beneficial for you. When you purchase a car, your overall loan is usually paid off in about four years. That is just not realistic for most people. On the other hand, leasing gives you the opportunity to drive a new car every few months without a lengthy end of the term contract. Can I afford to buy a car? If leasing is not an option and you simply want the latest
