Use Garmin TOPO to obtain the most accurate maps of the world. Garmin TOPO includes all surface features of the Earth. Blackhawk Mine State Park Blackhawk Mine State Park is a public recreation area

located north of Wyoming, Missouri. The state park, which protects approximately, lies partly within the Enterprise Shale Member of the Kimmswick Formation of the Pennsylvanian period. Open pit mining was used to extract coal from the area in the 1890s and 1900s. The park has a fine example of a state park park ranger house, which is open for inspection.
