some fans believe that the hobabah fic started life as a hobabah fic, but was misread as a hobabah fic. if this is true, theres a montage of the top 30 iconic larry moments on youtube with over a million views. in one of the moments, the bands being interviewed for german tv and the host asks harry about a mark on his neck that she thinks might be a hickey. pj: theres a montage of the top 30 iconic larry

moments on youtube with over a million views. in one of the moments, the bands being interviewed for german tv and the host asks harry about a mark on his neck that she thinks might be a hickey. and the last thing about the hobama rumours is that while they're considered a real thing, they're not seen as widely accepted in the fandom. the way people have discussed this in the comments to this video is that they're seen as fanfiction rumours, and that's just fine with most people

because, like i said earlier, they're not seen as real. and if they're not real, then there's no reason for people to be upset about them. the only thing that's unusual is that harry doesn't seem to be aware of them, but i doubt that's because he's hiding his pro-larry stance. pj: the image being claimed to be a hickey turned out to be a photoshopped image of a different man, but the meme somehow lived on as possibly the strangest crack ship the 1d and american political fandoms

had seen in a while. the very beginning of their relationship was a bit odd. even though victoria was a one direction fan (who probably wouldnt have watched this show if it didnt have larry and luis in it.) she still wasnt sure about the relationship. she tells us the first time she met larry she was in the mall. she saw him and had to tell him she was a one direction fan and told him that they should hang out and maybe get to know each other. and larry was like fine (im sure hes since deleted that part of

his story) but they didnt really hang out. as time went on she started to follow him on instagram (she doesnt like larry but she really likes harry so shes aware shes following them in a way that isnt right so shes not in larrys fanbase) and she finally got him to notice her and she had a date with him. the next day she was at the movie theater and they walked in. and they sat in front of her and they talked. and she started to get all warm and fuzzy about them and she thought they were meant to be

together. and then at the end of the date she kissed him and he kissed her. she was like this is what ive been waiting for and it was probably the best date shes ever been on. she kinda put on a show for her one direction friends about it and told them about the date. they were all like wtf hes mean and she tried to tell them it wasnt like that but they were all like no way. one of them was all like your obsessed with him. victoria didnt really know what to do or say. and then they started fighting about the

show and now shes kinda upset about it. but she still loves them and she wants them to be together. she hopes that larry will start to notice her again. 5ec8ef588b
